BASE is grateful for another busy year despite the continuing challenges in our industry. In addition to new projects added to our plate in 2011, we were also privileged to add staff to our roster of talented engineers and drafters when many companies are making cuts in budgets or staffing. Here are some highlights from the past year that were possible thanks to the support of our valued clients and partners.

- BASE was honored to be ranked in the top 10 of *Structural Engineer* magazine's national ranking of the Best Structural Engineering Firms to Work For.
- Steve Baldrige was recognized by Adult Friends for Youth with its 2011 Service to Hawaii's Youth Award for his 20+ years of dedication to the organization. AFY is an organization that mentors disadvantaged youth to help redirect their energy into positive activities and empowers them to be successful in their life goals.
- Steve was a 2011 finalist for the U.S. Small Business Administration's Phoenix Award, Office of Disaster Assistance, Field Operations Center-West Finalist for his volunteer work in the aftermath of the 2009 tsunami that struck American Samoa and the 2010 Haiti earthquake.
- In 2011 we saw the completion of several retail projects and the start of some new ones.
 - ▷ Waikiki Shopping Plaza Expansion
 - ▷ Safeway - Beretania
 - ▷ Ross Dress For Less - Waikiki
 - ▷ Victoria's Secret - Waikiki
 - ▷ A|X Armani Exchange - Waikiki
 - ▷ Laulani Village Shopping Center
 - ▷ Maui Lani Center
 - ▷ Walgreens - Lihue, Kauai
- Our Testing & Inspection division celebrated the completion of several major projects including:
 - ▷ Pacifica
 - ▷ Safeway - Beretania
 - ▷ Ross Dress for Less - Waikiki
 - ▷ A new 1.2 million sq. ft. themed resort and spa in Ko Olina, Hawaii
- Guam work continued to keep us busy in 2011 with the following projects.
 - ▷ Guam BEQ P-469
 - ▷ Guam Regional Medical City
 - ▷ Mamizu-Guam Utilities & Site Improvements at Andersen AFB and Apra Harbor, Naval Base Guam
- The BASE Honolulu, Chicago, and Delhi offices leveraged three different time zones to manage 24-hours per day production on fast track projects in India:
 - ▷ Wave 11, Noida: 2.6 million sq. ft. multi-level mixed use development.
 - ▷ Wave One, Noida: A 40-story mixed use development.

BASE: A 2011 Retrospect

We thank you for your continued support and look forward to new opportunities with you in 2012.

2011 saw the completion of Pacifica, the new 48-story, 1 million sq. ft. residential high-rise. BASE provided both structural engineering and testing & inspection services on this project.

BASE was the structural engineer of record as well as the testing & inspection firm for the new 118,000 sq. ft. retail center that includes a 59,000 sq. ft. Safeway store.

The Waikiki Shopping Plaza Expansion project added 30,000 sq. ft. to the existing shopping center and welcomed Victoria's Secret and Sephora as new tenants.

Steve was recognized by the U.S. Small Business Administration for his volunteerism in disaster assistance.

Adult Friends for Youth presented its 2011 Service to Hawaii's Youth Award to Steve for his 20+ years of dedication to the organization.

The 280-room Guam Bachelor Enlisted Quarters P-469 was completed in May 2011. It is also Guam's first LEED Gold project.

BASE's work in India continued in 2011 with projects such as Wave One (left) and Wave 11 (right).
